

POLICY MAKERS

Policy Makers

- ▶ Utilize Arizona Alzheimer's State Plan to build awareness in your constituency and acknowledge Alzheimer's disease as a major impact for people in Arizona.
- ▶ Encourage a dementia-friendly workplace by engaging community members to normalize facts of dementia.
- ▶ Support quality standards and measurable outcomes in dementia care in Arizona. Encourage person centered care in licensing, certification and continued education in Alzheimer's disease and related disorders as part of dementia-capable workforce.
- ▶ Establish best practice models for rural long-term care settings that are providing care to people with Alzheimer's disease and related disorders.
- ▶ Promote, participate and refer to Alzheimer's disease related research.
- ▶ Promote transparency in insurance coverage outlining dementia services and include younger on-set dementia in coverage.
